SUBJECT: Preparing the Fiscal Year Ended June 30, 2010 Schedule 8s

The instructions for preparing the Schedules of Expenditures of Federal Awards (SEFA) (Schedule 8s) for component units have been compiled into a single adobe file (FY 10 Schd 8 Instructions for Component Units.pdf). The adobe file may be printed from our website www.doa.la.gov/osrap/index.htm (click on Schedule 8 Instructions and select the file) to aid you in preparing the schedules.

There are changes to last year's instructions for the preparation of the Schedule 8s.

The following changes were made in the section on Clusters beginning on page 13 of the instructions:

- 1. Research and Development Cluster – Substance of Agreement should be evaluated to determine the proper inclusion/exclusion of an activity in the R&D Cluster**
- 2. Student Financial Assistance Cluster – CFDA 93.925 – Name Change**
- 3. USDA – Schools and Roads Cluster – CFDA 10.665 – Name Change**
- 4. DOC – Public Works and Economic Development Cluster – CFDA 11.300 – Name Change**
- 5. HUD – Housing Voucher Cluster – New Cluster**
- 6. ED – Impact Aid Cluster – CFDA 84.401 – New ARRA Program added to Cluster**
- 7. ED – Educational Technology State Grants Cluster – New Cluster**
- 8. HHS – Health Centers Cluster – Deleted from List of Clusters**
- 9. DHS – Homeland Security Cluster – Two new Programs and Note added to Cluster**
- 10. Other Programs Not Included in the OMB A-133 Compliance Supplement Deemed to Be Other Clusters – New ED Clusters of Programs**

There is one change to the “Federal Two-Digit Prefix List” found on pages 22 & 23 of the instructions. The two digit prefix 83 for Federal Emergency Management Agency has been deleted. Please use the two digit prefix 97 for the Department of Homeland Security for FEMA grant awards.

An Excel Workbook containing the blank Schedule 8 forms and examples is on our website (filename: Component Unit Sched 8s.xls) for your use. For uniformity, please use this Excel Workbook to prepare your Schedule 8s.

There were no changes to the Schedule 8 forms included in the Excel Workbook. However, changes were made to the list of Prior Year Federal Findings and list of Major Federal Programs for fiscal year ended June 30, 2010. Please review both the “PY FED FINDINGS” & “MAJOR PROGRAMS” tabs carefully for changes and follow the instructions provided for preparation of Schedules 8-3 and 8-4.

In addition to the individual Schedules, entities are required to combine (Recap) the federal expenditures presented in Schedules 8 & 8-1 by individual federal program and by CFDA number. If you do not have last year's RECAP file to use as a beginning point or if this is your first year preparing Schedule 8s, please contact Heidi Israel at Heidi.Israel@la.gov for a copy and/or assistance.

Also, please use the Excel Workbook on our website containing the blank forms for Pass-Through Entity and Sub-Recipient contact information (filename: Component Unit Schd 8 Contact Info.xls) to disclose the contact information in a consistent format. Contact information is requested for all pass-through entities and sub-recipients included in all the Schedules.

Many of the requirements and guidelines in the SEFA instructions are taken from the *2010 OMB Circular A-133 Compliance Supplement*. A link to that document has been added to page 5 of these instructions.

The deadline to submit the Schedule 8s to OSRAP is August 31, 2010. Send two hard copies (an original and one copy) of all the individual Schedules, the Recap, and the Contact Information to OSRAP, Post Office Box 94095, Baton Rouge, LA 70804-9095. **In addition to the hard copies, email an electronic copy of the Recap, ALL the individual Schedules, and Contact Information** to Heidi Israel at Heidi.Israel@la.gov.

If you have any questions or need additional information, please contact Heidi Israel via email or at (225) 342-1089. Remember, all OSRAP memorandums and forms may be accessed through our home page at <http://www.doa.la.gov/OSRAP/INDEX.HTM>.

OVERVIEW

The State of Louisiana Division of Administration's Office of Statewide Reporting and Accounting Policy (OSRAP) is responsible for compiling and publishing of the statewide Schedule of Expenditures of Federal Awards (SEFA), the Notes to the SEFA, and Louisiana's Comprehensive Annual Financial Report (CAFR).

The Schedule of Expenditures of Federal Awards (SEFA) and the Notes to the SEFA are included and opined upon in the State of Louisiana's Annual Single Audit Report issued by the Louisiana Legislative Auditor.

The statewide SEFA and its Notes include various departments, agencies, universities, and other organizational units that are within the control and authority of the Louisiana Legislature and/or its constitutional officers of the State that are reported in Louisiana's Comprehensive Annual Financial Report (CAFR). The entities reported in the CAFR are determined using the criteria established by the Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, as amended by GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*.

Many of the requirements and guidelines in these SEFA instructions are taken from the *2010 OMB Circular A-133 Compliance Supplement*. In addition to certain requirements and guidance for the SEFA, the Compliance Supplement identifies existing important compliance requirements that the Federal Government expects to be considered as part of an audit required by the Single Audit Act. Entities should ensure policies, procedures, and internal controls are established and implemented to address the administrative and complicate functions of the federal programs they administer. Entities should review the Compliance Supplement to gain an understanding of the audit requirements relative to the federal programs they administer. The link to the *2010 Compliance Supplement* is http://www.whitehouse.gov/omb/circulars/a133_compliance_supplement_2010.

INTRODUCTION TO INSTRUCTIONS

In order to compile the statewide SEFA and its Notes, entities included in the State of Louisiana CAFR are asked to prepare a series of schedules, commonly referred to as the Schedule 8s. These particular instructions are written for component units (most commonly hospitals, colleges, and universities) that generally use the full basis to prepare their Schedule 8s. It is important to identify in the Schedules the basis of accounting being used by your entity in preparing the Schedules.

Common definitions and lists to be used throughout the preparation of the Schedules are presented first. These are followed by specific instructions for each Schedule. Because certain entities are not required to complete all of the Schedules, in some cases where emphasis is warranted, there may be certain language repeated in the individual Schedule instructions to ensure consistency and completeness.

If at any time you have any questions or comments regarding the instructions or how to interpret them, please contact Donnie Ladatto at Donnie.Ladatto@la.gov or Heidi Israel at Heidi.Israel@la.gov.

SUBMITTING COMPLETED SCHEDULES PAPER AND ELECTRONIC FILING REQUIREMENTS

The original and one copy of all the individual Schedules, the Recap, and the Contact Information must be sent to the Division of Administration, Office of Statewide Reporting and Accounting Policy (OSRAP) on or before August 31, 2010. All individual schedules must also be submitted to OSRAP electronically via email to Heidi Israel at Heidi.Israel@la.gov on or before August 31, 2010.

Each schedule must indicate the person who prepared the schedule, their telephone number, and their email address.

If your entity had no disbursements or other charges funded by Federal financial assistance or made no issues of nonmonetary Federal assistance during the fiscal year ended June 30, 2010, you are still required to return the schedules with a statement that you incurred no Federal financial assistance expenditures or issues during the fiscal year.

PLEASE ROUND ALL AMOUNTS IN THE SCHEDULES TO THE NEAREST WHOLE DOLLAR.

Also, in the Excel Workbook titled **CONTACT INFO**, list the contact information (name of person, phone number, email address, and mailing address) for each pass-through and/or sub-recipient entity reported in the Schedule 8s.

SCHEDULE WITH UNIQUE REPORTING REQUIREMENTS

Schedule 8-6, Schedule of Disbursements of American Recovery and Reinvestment Act (ARRA) Funds to ALL Sub-recipients, is for the compilation of the sub-recipient data needed to comply with Single Audit requirements related to ARRA. Include ALL Sub-recipients, both State and non-State entities, in the Schedule 8-6.

PASS-THROUGH ENTITY AND SUB-RECIPIENT CONTACT INFORMATION

In the Excel Workbook titled **CONTACT INFO**, there are TABS for each Schedule. Please list the current contact information (name of person, phone number, email address) and mailing address for all pass-through entities reported in Schedules 8, 8-1, and 8-2 and sub-recipients reported in Schedules 8-4, 8-5, and 8-6.

DEFINITIONS

Please read the following definitions and explanations carefully before preparing the Schedules.

Award ID The grant, contract, et cetera, number that was assigned by your grantor. This is the number that is used when corresponding with a Federal grantor. This number, along with the 2-digit Federal agency prefix, may be used to identify the program if a CFDA number cannot be determined. See pages 22 & 23 for a list of the 2-digit Federal agency prefix numbers.

Award Period The period during which the assistance is available to your agency.

CCR Number The June 22, 2009, OMB Memorandum M-09-21 on *Implementing Guidance for the Reports on Use of Funds Pursuant to the American Recovery and Reinvestment Act of 2009*, states the Central Contractor Registration (CCR) number is the primary contractor database for the US Federal Government. CCR collects, validates, stores and disseminates data in support of agency acquisition missions. (Since October 1, 2003, it is a Federal mandate that any organization wishing to do business with the Federal government under a Federal Acquisition Regulation (FAR)-based contract must be registered in CCR before being awarded a contract.) For additional guidance on CCR, see Section 3.5 of OMB Memo M-09-21.

CFDA No. The program number as identified in the Catalog of Federal Domestic Assistance (CFDA). This number may be found on the award agreement or other correspondence from the grantor. For grants, contracts, et cetera that are not found in the Catalog, enter an "other identifying number," along with the 2-digit Federal agency prefix (list on pages 22 & 23) to identify the program in the Schedules.

Cluster As defined by *OMB Circular A-133, Section 105*, certain Federal programs with different CFDA numbers are defined as a cluster of programs because they are closely related programs that share common compliance requirements. Clusters are specifically addressed in Part 5 of the *2010 OMB Circular A-133 Compliance Supplement*. See pages 13 through 21 of these instructions for a complete list of Clusters.

Direct Award An award received directly from the Federal grantor agency; thus, the entity is the primary recipient of the award.

Dunn and Bradstreet (D&B) Data Universal Numbering System (DUNS) Number The DUNS number is used by the Federal government to match information across Federal agencies. The DUNS number of the entity that is administering the Federal program award must be included in the space provided in the Schedules.

Expenditures The amount of expenditures, including indirect costs, made during the year that have been or will be financed with federal assistance. Expenditures are reported using the Cash basis or Full Accrual basis of accounting, depending

on your entity's reporting standards. Please indicate the basis of accounting used by your entity in the space provided in the Schedules.

Facility Planning and Control (FP&C) Expenditures of Federal Awards FP&C incurs expenditures for projects on behalf of other entities. Determine if FP&C expenditures should be reported in your entity's Schedules. See page 12 for special instructions.

Federal Agency Two-Digit Prefix List When the CFDA number is not available, use an "other identifying number" - a Federal award number, contract number, or some other number to identify the Federal program. Precede the "other identifying number" with the 2-digit Federal agency prefix from the list on pages 22 & 23.

Federal Award Federal financial assistance and/or Federal cost-reimbursement contracts that non-Federal entities receive directly from Federal awarding agencies or indirectly from pass-through entities. This includes any formula grant, entitlement grant, block grant, project grant, contract agreement, cooperative agreement, loan, research grant or contract, and any other type of agreement under which you receive Federal financial assistance. Because award periods may be different from the State fiscal year, you may receive assistance under more than one grant, contract, et cetera, having the same name. Each award under which you had activity during the year must be listed separately in the appropriate Schedule(s).

Federal Employer Identification Number (FEIN) The FEIN is the Taxpayer Identification Number assigned by the Internal Revenue Service.

Federal Financial Assistance Assistance that non-Federal entities receive or administer in the form of grants, contracts, loans, loan guarantees, property (including donated surplus property), cooperative agreements, interest subsidies, insurance, food commodities, direct appropriations, and other assistance. Nonmonetary assistance, such as the dollar value of Federal property and Federal commodities are included. Federal financial assistance does not include direct cash assistance paid to individuals, such as Medicare or social security benefits.

Federal Grantor The name of the Federal agency that provided the assistance directly to your entity or provided assistance to another entity that forwarded the assistance to you via Interagency Flow-Through or Pass-Through. The grantor should be a Federal agency. When identifying the grantor in the Schedules, initials may be used. For example, HHS represents the U.S. Department of Health and Human Services; ED represents the U.S. Department of Education; DOE represents the U.S. Department of Energy.

Fixed-Price Contract A contract for the purchase of a research product, scientific or other data, or some other deliverable, at a specified amount that is not dependent upon the cost incurred to produce the deliverable. These contracts may be executed by a purchase order or by a contract agreement with the grantor.

Interagency Federal Flow-Through Funds Federal financial assistance (Federal award) received by your entity from another State of Louisiana reporting entity (department, agency, district, commission, hospital, college, or university).

Issues The dollar value of Federally donated property, commodities, medical supplies, or other nonmonetary assistance that was issued by your entity during the year.

Major Federal Program A Major program means a Federal program determined by the auditor to be a major program in accordance with *OMB Circular A-133, Section 520*, or a program identified as a major program by a Federal agency or pass-through entity in accordance with *OMB Circular A-133, Section 215*. A list of Major Federal programs for use in completing Schedule 8-4 is included as a tab in the Excel Workbook containing the Schedule formats and examples.

Non-Federal Entity A State, local government, or non-profit organization.

Other Identifying Number The Federal award number, contract number, or some other number associated with the award, along with the 2-digit Federal agency two-digit prefix of the applicable Federal agency. An Other Identifying Number is used to identify a Federal program in the Schedule if a CFDA number is not available.

Pass-Through Entity The name of the entity that is not in the State of Louisiana or is not a State of Louisiana 'CAFR reporting entity' that provided the Federal assistance to a sub-recipient to implement a Federal program. Your entity may 'be the sub-recipient receiving funds' and/or may be the entity 'disbursing funds to a sub-recipient.' Examples of such entities include quasi-public agencies, local governments, other State governments, non-profit organizations, public colleges or universities. When completing the Schedules, please spell out the names of the pass-through entities (where you are the receiver and/or the disburser) and include any 'identifying reference number' assigned by the pass-through entities.

Pre-Award Costs Program costs incurred prior to the effective date of an award of Federal program funds. Pre-award costs may or may not be 'allowable' program costs depending on the conditions established in the Federal award. See page 11 for further guidance on whether to report Pre-Award costs.

Program Name The Federal program name as identified in the Catalog of Federal Domestic Assistance (CFDA). For grants, contracts, et cetera, not identified in the CFDA, the program name is the name identified on correspondence from the Federal grantor.

Project Name The name of the grant or project as identified in the accounting records. If the project name is the same as the program name, enter the word SAME in that column in the Schedules.

Sub-recipient is either:

- Your entity if it expended Federal awards received from a pass-through entity to carry out a Federal program, or
- The entity to which you sent (passed) Federal awards carry out a Federal program.

According to *OMB Circular A-133, Section 210*, an entity that receives the Federal funds may be a sub-recipient if it:

- determines who is eligible to receive Federal financial assistance;
- has its performance measured against whether the objectives of the Federal program are met;
- has responsibility for programmatic decision making;
- has responsibility for adherence to applicable Federal program compliance requirements; and
- uses the Federal funds to carry out a program of the organization as compared to providing goods or services for a program of the pass-through entity.

Vendor According to *OMB Circular A-133, Section 210*, an entity that receives the Federal funds may be a vendor if it:

- provides the goods or services within normal business operations;
- provides similar goods or services to many different purchasers;
- operates in a competitive environment;
- provides goods or services that are ancillary to the operation of the Federal program; and
- is not subject to compliance requirements of the Federal program.

PRE-AWARD COSTS

Certain Federal program grants authorize 'pre-award' costs to be claimed (reimbursed) as an allowable expenditure once the 'award' is made. Allowable pre-award costs should be included in Schedule 8 in the fiscal year the award letter (not necessarily the reimbursement) is received because the 'pre-award expenditures' will have already been incurred. Do not report pre-award costs until you receive an award letter confirming the pre-award costs will be reimbursed.

INTERAGENCY FEDERAL FLOW-THROUGH FUNDS

Do not include expenditures of Federal financial assistance (Federal awards) received from another State of Louisiana CAFR reporting entity (department, agency, district, commission, hospital, college, university, etc.) because these are considered **"Interagency Federal Flow-Through Funds."** The entity that is the primary recipient of the Federal financial assistance will include the related expenditures for these awards in its Schedule 8, including the disbursement of funds passed through to sub-recipients. Again, your entity's expenditure of Federal assistance received from another State entity should not be reported in your Schedules.

FEDERAL AWARDS FROM A PASS-THROUGH ENTITY

Expenditures (direct and/or indirect) during the year that have been or will be financed with Federal financial assistance (Federal award) received from a

- quasi-public agency,
- non-profit organization,
- unit of local government,
- unit of a State government other than the State of Louisiana,
- or entity not in the State of Louisiana
- or entity that is not a State of Louisiana CAFR reporting entity

are called expenditures financed by **Federal Awards from a Pass-Through Entity.**

The expenditure of Federal awards your entity received from non-State entities is reported in your Schedule 8.

The distinguishing feature is these awards are received directly from the Federal awarding agency by an entity outside of Louisiana's reporting entity and have been "passed through" to a Louisiana entity from an "outside" entity.

Also, when applicable, Schedule 8 must include the dollar value of Federal property, commodities, or other non-monetary assistance that was received from a pass-through entity and disbursed, issued, or expensed during the year.

**FACILITY PLANNING AND CONTROL
EXPENDITURES OF FEDERAL AWARDS
FOR PROJECTS ON BEHALF OF YOUR ENTITY**

The State Office of Facility Planning and Control (FP&C) expenditures of Federal awards for projects done on behalf of your entity must be included in your entity's Schedule 8.

Facility Planning and Control does not report Federal expenditures in a Schedule 8 because all of its projects are done on behalf of other entities, agencies, hospitals, colleges, and universities. These other entities, agencies, hospitals, colleges, and universities are responsible for reporting the Federal expenditures in their Schedule 8 by Federal program.

Only report these expenditures if:

- the State Office of Facility Planning and Control received the funds directly from the Federal government, or
- your entity “owns” the project and received the funds directly from the Federal government, then reimbursed the State Office of Facility Planning and Control.

Please ensure the State Office of Facility Planning and Control (FP&C) received the Federal funds directly from the Federal agency. If the FP&C received the Federal funds from another State agency (for example, FEMA funds from the Governor's Office of Homeland Security and Emergency Preparedness) the college, university, or other component unit should not include the expenditures in their Schedule 8.

CLUSTERS

Your entity's Schedules must list the individual Federal awards within a Cluster of programs. OMB Circular A-133, Section 105 defines a "Cluster of programs" as a grouping of closely related programs that share common compliance requirements. Part 5 of the *2010 OMB Circular A-133 Compliance Supplement* identifies two large Clusters (Research & Development (R&D) and Student Financial Assistance (SFA)) and a third Cluster entitled 'Other' for miscellaneous small Clusters. A description of each follows.

- **Research and Development Cluster (R&D)**

The Federal government sponsors research and development activities under a variety of funding agreements to achieve objectives agreed upon between the sponsoring agency and the institution. These agreements are usually grants, cooperative endeavors, and contracts. Types of research and development conducted under these agreements vary widely. The objective of individual projects is explained in the Federal award document.

To determine whether an agreement (grant, etc.) should be a part of the R&D Cluster, determine if its objective or purpose falls under the definition of research and development. Research and development means all research activities, both basic and applied, and all development activities that are performed by an entity. *Research* is defined as a systematic study directed toward fuller scientific knowledge or understanding of the subject studied. The term *research* also includes activities involving the training of individuals in research techniques where such activities utilize the same facilities as other research and development activities and where such activities are not included in the instruction function. *Development* is the systematic use of knowledge and understanding gained from research directed toward the production of useful materials, devices, systems, or methods, including design and development of prototypes and processes. The absence of the words "research" and/or "development" in the title of the agreement does not indicate it should be excluded from the R&D Cluster. The substance of the agreement should be evaluated to determine the proper inclusion/exclusion.

Grants, cooperative agreements, and contracts for R&D are awarded to entities on the basis of applications/proposals submitted to Federal agencies or pass-through entities. These proposals are sometimes unsolicited. An agreement is then negotiated in which the purpose of the project is specified, the amount of the award is indicated, and terms of administration are delineated.

No specific programs have been designated as R&D. Management must determine if any Federal awards fall into the category of R&D. The awards, by Federal agency, must be included in the Schedule 8 and designated as part of the R&D Cluster. ARRA funded Research and Development (R&D) Activities are reported with the R&D Cluster.

Instructions for Preparation of
Schedule 8: Schedule of Expenditure of Federal Awards,
Schedule 8-1: Schedule of Fixed-Price Contracts, and
Schedule 8-2: Schedule of Disclosures for Federally Assisted Loans

Please state “NONE” on the applicable Schedules and submit them to OSRAP on or before August 31, 2010, if your entity:

- had no disbursements or other charges funded by Federal financial assistance or made no issues of nonmonetary Federal assistance (Schedule 8) or
- did not receive any revenues from a fixed-price contract funded with Federal financial assistance (Schedule 8-1) or
- did not participate in any Federal loan programs (Schedule 8-2) during the fiscal year ended June 30, 2010,

Please review pages 5 through 23 of these instructions prior to completing these Schedules. For your guidance, example Schedules 8, 8-1, and 8-2 are included in the Excel Workbook titled *Schedule Formats and Examples* under the TABs Example Schedule 8, 8-1, and 8-2.

In the ‘8, 8-1, & 8-2’ TAB of the Excel Workbook titled *CONTACT INFO*, list the current contact information (name of person, phone number, email address) and mailing address for all pass-through entities reported in Schedules 8, 8-1, and 8-2.

The following procedures must be performed on Schedules 8, 8-1, and 8-2:

- Use the Schedules in the attached Excel Workbook “Schedule Formats and Examples” to ensure that you include all necessary information.
- List all of the 9-digit Federal Employer Identification Numbers (FEIN) for agencies covered in the Schedules. A space is provided in the Schedules to include the FEIN numbers that are applicable to the information reported. If you need additional space, you may attach a separate list to the Schedules.
- List all of the Dunn and Bradstreet (D&B) Data Universal Numbering System (DUNS) numbers in the Schedules in the location indicated. The DUNS number is required on all Federal grant and cooperative endeavor agreement applications.
- Confirm the **Basis of Accounting** used to prepare Schedules 8, 8-1, and 8-2 by circling **Full Accrual** or **Cash** in the Schedule. The choice is located below the name of your entity.
- List individual Federal programs by Federal agency. For Federal programs included in a Cluster of programs, list individual Federal programs within the specific Cluster of programs. See pages 13 through 21 of these instructions for a complete list of Clusters.
- Include expenditures of Federal awards received as a sub-recipient from a non-Louisiana pass-through entity, the name of the pass-through entity, and the identifying number assigned by the pass-through entity.

- Provide the total Federal awards expended for each individual Federal program and the Catalog of Federal Domestic Assistance (CFDA) number or “other identifying number” when the CFDA number is not available.
- If the CFDA number cannot be determined, *OMB Circular A-133, Section 310(b)* requires the use of an “other identifying number.” An “other identifying number” is a Federal award number, contract number, or some other number used to identify the Federal program. Precede the “other identifying number” with the 2-digit Federal agency prefix from the list on pages 22 & 23.
- Include the prefix **ARRA** in the program name for ARRA funded programs if the program’s name does not already include ARRA related wording. For example, some programs already have “Recovery Act” or “Recovery Act Funded” in their name.
- Include in Schedule 8-1 revenues received for any Fixed-Price Contracts. See “Schedule of Fixed-Price Contracts” on page 27 for more information.
- Include in the Schedules the value of Federal awards expended in the form of noncash assistance, the amount of insurance in effect during the year, and loans or loan guarantees outstanding at year end. See “Loans and Loan Guarantees” on page 28 for more information.
- Prepare a reconciliation of the Schedule 8 total to the financial statements. See “Reconciliation of Schedule 8 to the Financial Statements” on page 32.

Entities are required to combine Fiscal Year Ended June 30, 2010, Federal expenditures by individual Federal grantor, program, and CFDA number in the Recap of Schedules 8 and 8-1. The Recap is specific to your entity and should be completed in addition to completing Schedules 8 and 8-1. See pages 33 & 34 for instructions on completing the Recap of Schedules 8 and 8-1.

As mentioned previously, the Schedule 8 should include total awards expended for each individual Federal program. The determination of when an award is expended is based on when the activity related to the award occurs. In general, the activity pertains to events that require the entity to comply with laws, regulations, and the provisions of contracts or grant agreements.

Such events include the following:

- expenditure/expense transactions associated with grants, cost reimbursement contracts, cooperative agreements, and direct appropriations
- the disbursement of funds passed through to sub-recipients
- the use of loan proceeds under loan and loan guarantee programs
- the receipt of property
- the receipt of surplus property
- the receipt or use of program income
- the distribution or consumption of food commodities
- the disbursement of amounts entitling the entity to an interest subsidy
- the period when insurance is in force

For each award received directly from any Federal agency, the Schedule 8 should report all cash disbursements (entities such as colleges and universities using the full accrual basis of accounting should report expenses) and indirect costs that have been or will be financed with Federal funds during the fiscal year. These awards will be classified as “**Direct Awards**” and are received directly from the Federal grantor agencies; thus, the entity is the primary recipient of the award.

Do not include COBRA payments made in accordance with ARRA requirements.

Do not include any Veterans Reporting Fees received from the U.S. Department of Veterans Affairs because these fees are considered payment for a service as defined by *OMB Circular A-133, Section 210*, “Sub-recipients and Vendor Determination.” These fees are generally received by the Louisiana Technical Colleges.

Prepare the Schedule 8 using the format provided. Programs not in a Cluster should be listed in the Schedule in ascending CFDA number order by Federal grantor agency. Clustered programs should be grouped together by Federal agency and labeled with the Cluster name. Clusters should be reported alphabetically following program names not in a Cluster.

Determine the CFDA numbers for all Federal programs that are administered. The Federal grantor agencies are required to provide their recipients with CFDA numbers. If the CFDA number cannot be determined, *OMB Circular A-133, Section 310(b)*, requires use of an “other identifying number” as discussed on page 25. Programs without CFDA numbers should also be listed by Federal grantor and should be listed after programs that have CFDA numbers.

For “Federal Awards From a Pass-Through Entity,” provide the name of the pass-through entity and the identifying number assigned by the pass-through entity in addition to the CFDA number. Remember, a pass-through entity is local government, a non-profit organization, or an entity that is not in the State of Louisiana or is not a State of Louisiana ‘CAFR reporting entity’.

Specific Instructions for Schedule of Fixed-Price Contracts (Schedule 8-1)

Please review pages 5 through 23 of these instructions prior to completing these Schedules. For your guidance, an example Schedule 8-1 is included in the Excel Workbook titled *Schedule Formats and Examples* under the TABs *Example Schedule 8-1*.

Direct awards include the total amount of revenues received under each fixed-price contract from any Federal grantor agency must be reported in Schedule 8-1 if the funding originated from a Federal grantor agency. For example, if an entity has provided funds to a university through a fixed-price contract, the funds must have originally come to the entity from a Federal agency. The contract should only be included in Schedule 8-1 if its original source of funding was a Federal agency.

Do not include those fixed-price contracts for which you received payments and/or other in-kind assistance from a State of Louisiana department, agency, hospital, college, university, or other component unit because these are considered “Interagency Federal Flow-Through Funds.” The primary recipient of these funds will include the revenues for these awards in its Schedule of Fixed-Price Contracts.

For “Federal Awards From a Pass-Through Entity,” provide the name of the pass-through entity and the identifying number assigned by the pass-through entity in addition to the CFDA number. Remember, a pass-through entity is local government, a non-profit organization, or an entity that is not in the State of Louisiana or is not a State of Louisiana ‘CAFR reporting entity’.

Also, in the ‘8-1’ TAB of the Excel Workbook titled *CONTACT INFO*, list the current contact information (name of person, phone number, email address) and mailing address for all pass-through entities reported in Schedule 8-1.

Specific Instructions for Schedule of Disclosures for Federally Assisted Loans (Schedule 8-2)

Please review pages 5 through 23 of these instructions prior to completing these Schedules. For your guidance, an example Schedule 8-2 is included in the Excel Workbook titled *Schedule Formats and Examples* under the TAB Example Schedule 8-2.

The total amount of loans made or disbursed during the year, the outstanding loan balances at the end of the year, and the amount of principal and interest cancellations for certain loans must be reported in Schedule 8-2.

Loans and Loan Guarantees

In most cases entities will use Schedule 8-2 to report the loans or loan guarantees outstanding at year-end. According to *OMB Circular A -133, Section 205(b)*, the basis for determining the value of loans and loan guarantees for presentation shall be:

- The value of new loans made or received during the fiscal year plus
- The balance of loans from previous years for which the Federal government imposes continuing compliance requirements plus
- Any interest subsidy, cash, or administrative cost allowance received.

In determining the value of total non-cash awards expended for loans and loan guarantees, the balances of loans from previous years must be included if the Federal government imposes continuing compliance requirements. *OMB Circular A-133* does not specifically define the term *continuing compliance*; therefore, it is a matter of judgment as to whether continuing compliance requirements are significant enough to require inclusion in prior-year loan or loan guarantee balances.

You must include all loan information, including student financial assistance programs, in Schedule 8-2. List the outstanding loan balances of any loans that the Federal government has (1) made to your agency, (2) guaranteed, or (3) reinsured, regardless of whether the loans were made in the current year or in prior years.

For “Federal Awards From a Pass-Through Entity,” provide the name of the pass-through entity and the identifying number assigned by the pass-through entity in addition to the CFDA number. Remember, a pass-through entity is local government, a non-profit organization, or an entity that is not in the State of Louisiana or is not a State of Louisiana ‘CAFR reporting entity’.

Also, in the ‘8-2’ TAB of the Excel Workbook titled *CONTACT INFO*, list the current contact information (name of person, phone number, email address) and mailing address for all pass-through entities reported in Schedule 8-2.

Instructions for Recap of Schedules 8 and 8-1

In addition to completing Schedules 8 and 8-1, entities are required to prepare a Recap of Schedules 8 and 8-1 to combine fiscal year ended June 30, 2010, Federal expenditures by individual Federal sponsor program and CFDA number. In accordance with *OMB Circular A-133, Section 310 (b)*, this Recap requires Federal programs to be identified as direct awards, awards from pass-through entities, and Clusters of programs.

Federal activity in Component Units with multiple agencies/campuses should be recapped **by Component Unit**. For example: the Louisiana State University (LSU) System may have Federal expenditures in the following campuses: Baton Rouge, Shreveport, and Alexandria. In this case, the Recap should include expenditures of Federal awards of all campuses in the LSU System. The Recap should include a list of the campuses that are included in the Recap. **Prepare a Recap even if your “Component Unit” has only one agency/campus.**

TIP: The total activity in a Recap for a Component Unit with multiple agencies should equal the sum of the totals from each Schedule 8 and 8-1 for the Component Unit.

Use the fiscal year ended June 30, 2009 Recap of Schedules 8 and 8-1 for your Department as a template so that the activity will be arranged in the order required. If you do not have a copy of your entity’s 2009 Recap, if you have any questions, or if this is the first year that you are required to prepare a Recap, contact Heidi Israel for assistance at Heidi.Israel@la.gov or 225-342-1089.

Unless there are new or deleted programs, the programs in the Recap for fiscal year ended June 30, 2010, should be in the same order presented in the Recap for fiscal year ended June 30, 2009. If new awards were received in fiscal year ended June 30, 2010, please edit the Recap to add the new awards in their correct order. Please delete any programs that had no activity in fiscal year ended June 30, 2010.

When preparing the Recap, please assure that:

1. The Federal agency name is presented in ascending numerical order by the first two digits of the CFDA number, and
2. The Direct Awards from a single Federal agency are presented first, followed by Awards from a Pass-Through Entity (with Pass-Through Entity number, if applicable),
3. Activity for both Direct Awards and Awards from a Pass-Through Entity are arranged as follows:
 - a. First, programs with CFDA numbers that are not in a Cluster are presented in ascending numerical order,

- b. Second, programs not in a Cluster with “other identifying numbers” and the 2-digit prefix are presented in alphabetical order, by Federal agency. Use the Federal agency 2-digit prefix list on page 22 for assistance.
- c. Third, Clusters and individual programs within a Cluster are presented alphabetically by
 - i. Cluster name with CFDA numbers first in ascending numerical order followed by
 - ii. Clusters with other identifying Numbers listed in alphabetical order.
- 4. Dollar amounts should be rounded and only whole numbers presented.
- 5. Save the Schedule/file without changing the filename.

Submit the original, one copy, and an electronic copy of the Recap of Schedules 8 and 8-1 to OSRAP on or before August 31, 2010.

Instructions for Preparation of Schedule 8-3 **Schedule of Prior Year Federal Audit Findings**

OMB Circular A-133, Section 500(e), requires the Single Audit Report of the State of Louisiana include a Schedule reporting the status of all Federal audit findings included in the prior audit's Schedule of findings and questioned costs relative to Federal awards. According to *OMB Circular A-133*, this Schedule is to be completed by the auditee. All of the Schedule 8-3s for the State will be accumulated and presented in the Single Audit Report for the fiscal year ended June 30, 2010.

If applicable, your entity must report in a Schedule 8-3 (*Schedule of Prior Federal Audit Findings*) the status of its Federal audit findings from previous audits. **For your reference, the Excel Workbook - *Schedule Formats and Examples* under the TAB *List of Prior Year Federal Audit Findings* contains a list of the Federal findings that require a Schedule 8-3.** Each finding is identified by a Finding Number that must be used to identify the finding in the Schedule 8-3.

If you have two or more findings, a separate schedule should be completed for each finding. The original, one copy, and an electronic copy of the *Schedule of Prior Federal Audit Findings* must be sent to the Division of Administration, Office of Statewide Reporting and Accounting Policy on or before August 31, 2010. Each schedule must indicate the person who prepared the schedule, their phone number, and their email address.

Follow the requirements of *OMB Circular A-133, Section 510*, when preparing the Schedule 8-3:

- 1) When an audit finding was fully corrected, the Schedule need only list the audit finding and state that corrective action was taken.
- 2) When an audit finding was not corrected or was only partially corrected, the Schedule shall describe the planned corrective action, as well as any partial corrective action taken.
- 3) When corrective action taken is significantly different from corrective action previously reported in a corrective action plan or in the Federal agency's or pass-through entity's management decision, the Schedule shall provide an explanation. **Note:** For Legislative Auditor findings, a corrective action plan would have been presented to the auditors in management's letter responding to the prior year Federal audit finding. The responses can be found in Appendix B of the Single Audit Report for Fiscal Year Ended June 30, 2009. The link to the FYE June 30, 2009 Single Audit Report on the Legislative Auditor's website is <http://app1.lla.state.la.us/PublicReports.nsf>. Once there, click on *Single Audit 2009*.
- 4) The status of the specific errors and questioned costs noted in the prior Federal audit findings shall be presented in the Schedule. For example, if in the prior audit finding there were \$12,000 in questioned costs presented, the status of this \$12,000 should be discussed in the Schedule.
- 5) When a entity believes the audit finding is no longer valid or does not warrant further action, the reasons for this position shall be described in the Schedule. According to *OMB Circular A-133, Section 315*, a valid reason for considering an audit finding as not warranting further action is that **all** of the following have occurred:

- Two years have passed since the audit report in which the finding appeared was submitted to the Federal Clearinghouse,
- The Federal agency or pass-through entity is not currently following up with the auditee on the audit finding, and
- A management decision was not issued.

REMEMBER, ONLY **FEDERAL FINDINGS** SHOULD BE PRESENTED IN THE SCHEDULE 8-3: SCHEDULE OF PRIOR YEAR FEDERAL AUDIT FINDINGS.

Submitting Schedule 8-3

If applicable, the original, one copy, and an electronic copy of Schedule 8-3 must be sent to the Division of Administration, Office of Statewide Reporting and Accounting Policy (OSRAP) on or before August 31, 2010.

Instructions for Preparation of Schedule 8-4 **Schedule of Non-State Entity Sub-recipients** **of Major Federal Programs**

If your entity did not pass through any major Federal program funds to any non-State sub-recipients during the year ended June 30, 2010, please state "NONE" on the Schedule 8-4 schedule and submit it to OSRAP on or before August 31, 2010.

Please review pages 5 through 23 of these instructions prior to completing this Schedule.

Many entities that receive Federal funds pass through a portion of those Federal funds to sub-recipients to carry out specified objectives of the programs.

Only the Major Federal Program funds that were ‘passed through’ to non-State sub-recipients are to be reported in Schedule 8-4. For your guidance, an example Schedule 8-4 is included in the Excel Workbook - *Schedule Formats and Examples* under the TAB *Example Schedule 8-4*. A list of Major Federal Programs is included in the same Workbook under the TAB *Major Programs*.

Please list sub-recipients of major programs by Federal grantor agency providing the major program in CFDA number order. List Clusters by Federal grantor agency following other programs that are not in a Cluster. See the example Schedule 8-4 for guidance.

The Schedule must identify each major program with non-State sub-recipients and the amount awarded to each. The Schedule must be prepared listing:

- the Federal grantor agency,
- the CFDA number of the major Federal program (or other identifying number with the 2-digit Federal agency prefix (pages 22 & 23) if CFDA number is not available),
- the **major program name** as it appears in the CFDA catalog,
- the Cluster name, if applicable,
- the amount of funds provided to each non-State sub-recipient during the year ended June 30, 2010, and
- the name of the secondary sub-recipient.

If available, the project number, sub-award number, and award ID number should also be provided.

A list of programs included within a Cluster of programs identified by Part 5 of the *OMB A-133 2010 Compliance Supplement* can be found on pages 13 through 21 of these instructions. If a program is included within a Cluster of programs, indicate the program as being part of the Cluster in the Schedule.

Also, in the ‘8-4’ TAB of the Excel Workbook titled *CONTACT INFO*, please list the current contact information (name of person, phone number, email address) and mailing address for all sub-recipients reported in Schedule 8-4.

Information on payments to vendors for goods or services should not be included in the Schedule. For your information, the distinction between a sub-recipient and vendor relationship is described below.

According to *OMB Circular A-133*, an entity that receives the Federal funds may be a sub-recipient if it:

- determines who is eligible to receive Federal financial assistance;
- has its performance measured against whether the objectives of the Federal program are met;
- has responsibility for programmatic decision making;
- has responsibility for adherence to applicable Federal program compliance requirements; and
- uses the Federal funds to carry out a program of the organization as compared to providing goods or services for a program of the pass-through entity.

An entity that receives the Federal funds may be a vendor if it:

- provides the goods or services within normal business operations;
- provides similar goods or services to many different purchasers;
- operates in a competitive environment;
- provides goods or services that are ancillary to the operation of the Federal program; and
- is not subject to compliance requirements of the Federal program.

OMB Circular A-133 recognizes that there may be unusual circumstances or exceptions to the listed characteristics. In some cases, it may be difficult to determine whether the relationship with the entity is that of a sub-recipient or of a vendor. In making the determination, the substance of the relationship is more important than the form of the agreement. Contact Heidi Israel at Heidi.Israel@la.gov if you need assistance in making this determination.

Submitting Schedule 8-4

The original, one copy, and an electronic copy of Schedule 8-4 and the Contact Information must be sent to the Division of Administration, Office of Statewide Reporting and Accounting Policy on or before August 31, 2010. **Each schedule must indicate the person who prepared the schedule, their phone number, and their e-mail address.**

NOTE: This Schedule must be presented on the same basis of accounting as Schedule 8. Please confirm the **Basis of Accounting** used to prepare Schedule 8-4 by circling **Full Accrual** or **Cash** on the Schedule located below the name of your entity.

PLEASE ROUND ALL AMOUNTS IN THE SCHEDULE TO THE NEAREST WHOLE DOLLAR.

Instructions for Preparation of Schedule 8-5 **Schedule of State Entity Sub-recipients of Federal Programs**

Please review pages 5 through 23 of these instructions prior to completing this Schedule.

All Federal program funds passed through to other State entities by your entity must be reported in Schedule 8-5. For your guidance, an example Schedule 8-5 is included in the Excel Workbook - *Schedule Formats and Examples* under the TAB *Example Schedule 8-5*. NOTE: These expenditures are not presented in the 'sub-recipient entity's' Schedule 8 because the Federal funds were received by one State entity from another State entity.

If no Federal program funds were disbursed to a State entity during the fiscal year ended June 30, 2010, please state "NONE" on the Schedule 8-5 and submit it to OSRAP on or before August 31, 2010.

For purposes of preparing Schedule 8-5, State entity is defined as a State department, agency, board, commission, hospital, college, university, or other component unit reported in the Louisiana Comprehensive Annual Financial Report (CAFR). Many State entities that receive Federal funds for the administration of Federal programs pass through a portion of the Federal program funds to sub-recipients to carry out specified objectives of the programs. Many sub-recipients receiving these Federal funds are other State entities.

Please provide the CFDA number of the Federal, the contract or project number, and the complete name of the sub-recipient (agency, department, etc.) receiving the funds. If the sub-recipient is a college or university, include the campus to which the funds were passed. For example, if you are passing Federal funds to LSU Health Sciences Center, indicate if entity is the New Orleans campus, Shreveport campus, Health Care Services Division, etc. If you passed Federal funds to LSU Health Science Center in New Orleans, you may list the sub-recipient as "LSU Health Sciences Center (New Orleans)."

The Schedule must identify each Federal program where another State entity is a sub-recipient and the amount awarded to each. Please list the programs in the order of Federal grantor agency providing the assistance.

The Schedule must be prepared listing the Federal grantor agency in numerical order by CFDA number, the CFDA number of the Federal program (or other identifying number including the 2-digit Federal agency prefix if the CFDA number is not available), the Federal program name (as it appears in the CFDA catalog), the Cluster name, if applicable, the amount of funds provided, and the name of each State entity sub-recipient. If available, the project number, sub-award number, and award ID number

should also be provided. If a program is included within a Cluster of programs identified by the *OMB A-133 Compliance Supplement* indicate the program as being part of the Cluster on the Schedule. The Cluster names are provided in pages 13 through 21 these instructions.

Also, in the '8-5' TAB of the Excel Workbook titled *CONTACT INFO*, please list the current contact information (name of person, phone number, email address) and mailing address for all sub-recipients reported in Schedule 8-5.

Information on payments to vendors for goods or services should not be included in the Schedule. For your information, the distinction between a sub-recipient and vendor relationship is described below.

According to *OMB Circular A-133*, a sub-recipient relationship may exist when the entity that receives the Federal funds:

- determines who is eligible to receive Federal financial assistance;
- has its performance measured against whether the objectives of the Federal program are met;
- has responsibility for programmatic decision making;
- has responsibility for adherence to applicable Federal program compliance requirements; and
- uses the Federal funds to carry out a program of the organization as compared to providing goods or services for a program of the pass-through entity.

The entity that receives the Federal funds may be a vendor if it:

- provides the goods or services within normal business operations;
- provides similar goods or services to many different purchasers;
- operates in a competitive environment;
- provides goods or services that are ancillary to the operation of the Federal program; and
- is not subject to compliance requirements of the Federal program.

OMB Circular A-133 recognizes that there may be unusual circumstances or exceptions to the listed characteristics. In some cases, it may be difficult to determine whether the relationship with the entity is that of a sub-recipient or of a vendor. In making the determination of whether a sub-recipient or vendor relationship exists, the substance of the relationship is more important than the form of the agreement. Contact Heidi Israel at Heidi.Israel@la.gov or 225-342-1089 if you need assistance in making this determination.

NOTE: This Schedule must be presented on the same basis of accounting as **Schedule 8**. Please confirm the **Basis of Accounting** used to prepare Schedule 8-5 by circling **Full Accrual** or **Cash** on the Schedule located below the name of your entity.

PLEASE ROUND ALL AMOUNTS IN THE SCHEDULE TO THE NEAREST WHOLE DOLLAR.

Instructions for Preparation of Schedule 8-6
Schedule of Disbursements of ARRA funds to Sub-recipients

THIS SCHEDULE HAS UNIQUE REPORTING REQUIREMENTS

Include ALL Sub-recipients of ARRA funded Programs, both State and non-State entities, and the amount awarded to each, in the Schedule 8-6.

If your entity did not pass through any Federal ARRA program funds to any sub-recipient during the fiscal year ended June 30, 2010, please state "NONE" on the Schedule 8-6 and submit it to OSRAP on or before August 31, 2010.

Review pages 5 through 23 of these instructions prior to completing this Schedule. For your guidance, an example Schedule 8-6 is included in the Excel Workbook - *Schedule Formats and Examples* under the TAB *Example Schedule 8-6*.

In Federal Register 74 FR 18449, April 23, 2009, Subpart D, the Office of Management and Budget issued final guidance regarding 'Single Audit Information for Recipients of Recovery Act Funds.'

Schedule 8-6, Schedule of Disbursements of American Recovery and Reinvestment Act (ARRA) funds to Sub-recipients, has been added to the 'Schedule 8 Package' to facilitate the compilation of the data needed to comply with Single Audit requirements related to ARRA.

Many state entities that received Federal ARRA funds for the administration of ARRA programs pass through a portion of the federal funds to sub-recipients to carry out specified objectives of the programs. In an effort to be completely accountable and achieve the degree of transparency expected of the State of Louisiana, all sub-recipients of Federal ARRA funds should be identified in Schedule 8-6.

The Schedule must be prepared listing the Federal grantor agency, the CFDA number of the Federal ARRA program (or other identifying number with the 2-digit federal agency prefix (pages 22 & 23) if CFDA number is not available), the **ARRA** program name (as it appears in the CFDA catalog) with the inclusion of the prefix "**ARRA**," if not already part of the program name. Please list sub-recipients of ARRA programs by Federal grantor agency in CFDA number order. If available, the project number, sub-award number, and award ID number should also be provided.

Also, if applicable, include the Cluster name and indicate the program as being part of the Cluster in the Schedule. List Clusters by Federal grantor agency following other programs that are not in a Cluster. Refer to the list of Clusters on pages 13 through 21

of these instructions to determine if the program is included within a Cluster of programs identified in Part 5 of the *2010 OMB Circular A-133 Compliance Supplement*.

Also, in the '8-6' TAB of the Excel Workbook titled *CONTACT INFO*, please list the current contact information (name of person, phone number, email address) and mailing address for all sub-recipients reported in Schedule 8-6.

Information on payments to vendors for goods or services should not be included in the Schedule. For your information, the distinction between a sub-recipient and vendor relationship is described below.

According to *OMB Circular A-133, Section 210*, the entity that receives the federal funds may be a sub-recipient if it:

- determines who is eligible to receive federal financial assistance;
- has its performance measured against whether the objectives of the federal program are met;
- has responsibility for programmatic decision making;
- has responsibility for adherence to applicable federal program compliance requirements; and
- uses the federal funds to carry out a program of the organization as compared to providing goods or services for a program of the pass-through entity.

According to *OMB Circular A-133, Section 210*, the entity that receives the federal funds may be a vendor if it:

- provides the goods or services within normal business operations;
- provides similar goods or services to many different purchasers;
- operates in a competitive environment;
- provides goods or services that are ancillary to the operation of the federal program; and
- is not subject to compliance requirements of the federal program.

OMB Circular A-133 recognizes that there may be unusual circumstances or exceptions to the listed characteristics. In some cases, it may be difficult to determine whether the relationship with the entity is that of a sub-recipient or of a vendor. In making the determination of whether a sub-recipient or vendor relationship exists, the substance of the relationship is more important than the form of the agreement. Contact Heidi Israel at Heidi.Israel@la.gov or 225-342-1089 if you need assistance in making this determination.

NOTE: This Schedule must be presented on the same basis of accounting as Schedule 8. Please confirm the **Basis of Accounting** used to prepare Schedule 8-6 by circling **Full Accrual** or **Cash** on the Schedule located below the name of your entity.
